PUBLIC SERVICE ANNOUNCEMENT

**Labrador-Grenfell Health Replaces Chemotherapy Equipment at
the Labrador Health Centre**

(Happy Valley-Goose Bay, NL): Chemotherapy equipment at the Labrador Health Centre has been replaced following issues in May 2018.

The replacement equipment has been installed and is expected to be operational on Monday, July 16th.

During the interruption, Labrador-Grenfell Health was able to secure alternative arrangements for patients to receive treatment in a timely manner.

Labrador-Grenfell Health would like to thank patients and their families for their understanding during this time.
